d6 connect

Welcome to a simple guide to assist you with registering on the d6 Connect Application, as well as managing your Community subscriptions.

Any member of the public may connect to a Community and access their public channels. Communities* may also send an invitation which will allow users to access private channels.

Some Communities may not make any channels available to the public. In such instances the user will see "Invite Only" next to the Community name when attempting to connect to the Community. The only way to connect to these Communities is via an invitation sent to the user by the Community.

As a user you may be faced with one of the following 3 scenarios. Please follow the appropriate scenario in order to connect with your Community.

* **Communities** - The term Communities refers to businesses, schools, churches, clubs etc.

NEW USER

If the user is new and has not registered before, a check will be done in the backend to see whether there is an account or any information linked to the number provided.

Tap on the app icon on the invitation email or search your app store for "d6 Connect" You will be directed to the "Mobile Number" screen once app is opened.

Please type in your mobile number, then click "Next" An OTP will be sent which you will have to type in the OTP field.

Click "Submit"
